NEW MEDICINES! THE GREATEST SUCCESS OF

THE AGE!!!

NO MORE COD-LIVER OIL. SYRUP OF N IODIZED HORSE-RADISH of GREMAULT and Co., Apothecaries and chemists, 7, Rue de la Feuillade, Paris. According to the certificates of the physicians of the Paris Hospitals, detailed in the prospectus, and with the approbation of several Academies, this Syrup is employed with the greatest success in place of Cod-liver Oit, t which it is really superior. It cares diseases of the chest, scrofule, lymphatic disorders, green. sickness, muscular atony, and loss of appetite, it regenerates the constitution by purifying the blood, and is, in a word the most powerful depurative known. It never fatigues the stomach and howels like the iodide of potassium and the iodide of iron, and is administered with the greatest efficacy to young children subject to humours, or obstruction of the glands. Dr. CAZENAVE, o Saint Louis hespital, Paris, recommends it particularly in cutaneous diseases conjointly with the

pills which hear his name. THOSPHATE OF IRON. DE LERAS, apotheca ry. doctor of science, 7. Rue de la Feuillade. "Fleur de Bousy." "Crand Imperial," "Verge- Paris.-This new ferruginous medicine contains the elements of the bones and blood, and iron in a liquid state. From observations made in the Paris hospitals and detailed in the prospectus, it is superior to ferruginous pills, lactate of iron, fron reduced by hydrogen, pills and syrup of the iodide of iron, and cures rapidly, stomach complaints, painful digestion, poverty of the blood, loss of strength and apoetite, and the diseases incident to females. It is the best adjunct to Con-LIVER OIL, and the best preserver of health in tropical climates.

> DISEASES OF THE CHEST.—SYRUP OF HYPOPHOSPHITE OF LIME, Manufactured by GRIMAULT and Co., chemists, 7, Rue de la Feuillade, Paris. This new medecine, delicious to the palate, is a sovereign remedy for coughs, colds, irritation of the lungs, and is also an excellent remedy in cases of consumption. Under its influence, the cough abates, nocturnal perspirations cease, and the patient rapidly recovers health and flesh.

PLIXIR OF PEPSINE prepared by GRIMAULT and Co., chemists, 7; Rue de la Feuillade. Paris, according to the formula of Br. Convigant, knight of the Legion of Honour, physician to H.M. the Emperor of the French. Persive is the gastric juice itself, or rather the digestive principle Frames SHEATHING FELT, ex "Young purified, which digests food in the stomach. When from various causes the supply of the digestive fluid is too small, the inevitable consequences are bad digestion, gastritie, gastralgia, inflammation of the mucous coats of the stomach and bowels, heartburn, snoomis, loss of strength, and in females, general derangement. The clixir of Pepsine, which is sanctioned by the approbation of the Paris Academy of Medicine, epeedily sures all such diseases, and prevents vomiting
